

Little Creek Mountain:

A mountain biker's map

Welcome to Little Creek, home to some of the finest riding in South-west Utah! Featuring slickrock playgrounds, single track through pinon and juniper, ledges, and killers views, Little Creek is a must ride. Route finding can be tricky, especially around the North Loops intersections. Pay attention and only hit the alternate routes if you're ready for an adventure. The mesa is also home to lots of Native American artifacts, so mind your manners and let them be. Riding season is generally April - November.
